Dementia Services Covered by Medicare's GUIDE Program

Mars Consulting Solutions
A RESOURCE FOR SENIOR LIVING SOLUTIONS

We are a provider of services through Medicare's GUIDE program, which offers support to an individual with dementia and their caregiver.

Dementia Services Covered by Medicare's GUIDE Program

Provider of services through Medicare's GUIDE program, offering support to individuals with dementia and their caregivers.

Care Navigators

Caregiver training, support and check-ins. Resources and referrals. Care and services coordination.

Respite Care

\$2,563/year towards in-home respite care, adult day program, and 24/7 community care.

Medical Oversight

Telehealth accessibility. 24/7 access to 125+ specialty providers.

What Is GUIDE?

Guiding an Improved Dementia Experience. A standardized set of services provided by an interdisciplinary care team to enable people with dementia to live a better quality of life at home. Available to traditional Medicare beneficiaries with a dementia diagnosis.

Services Offered

The GUIDE program provides comprehensive support including Care Navigators for caregiver training and coordination, Respite Care benefits, and Medical Oversight with 24/7 access to specialty providers.
